

Sigma Nu Epsilon Alpha News Letter Issue #1

The Present and the Future

This past semester we welcomed 36 members of Eta class into the house. Many of them are already serving in key roles in the house and making a major impact. We have also welcomed nine candidates and counting and hope to one day see them in the same position.

FORE!

Mark your calendars as Saturday, April 29th will be this year's annual golf tournament. It will be hosted at El Conquistador Golf in Oro Valley, Tucson starting at noon and will be followed up by a buffet style dinner at 6:30 providing an excellent opportunity for alumni and actives alike to interact. Keep an eye out for the evite and please email me at alumni@sigmanuea.org with any questions.

Name a Room!

Have you ever wanted a stadium named after you? Well, we can't help with that, but we do have the next best thing. In the coming months we will auction off the rights to have a room in the house named after you. The room will be adorned with a plaque forever commemorating the room's new name.

Throw Back Thursday

Time to turn back the clock, an instagram account dedicated to sharing the memories of the classes that have come before us is now up. The instagram page is [signueaalumni](https://www.instagram.com/signueaalumni). If you have any pictures you would like to include please send them to me at alumni@sigmanuea.org.

Looking Ahead!

My name is Jameson Brehmer and I have the honor of taking over the role of alumni chairman. We have big plans for this chapter, but none of that is possible without a great alumni network. So with that, I wanted to say thank you! Here's to a great year and a bright future.
